Experience

I received my MBBS degree at the University of Benin in Nigeria and came to the UK in 1992. I did my specialist training at University Hospitals of Leicester in Leicestershire and obtained my Orthopaedic certificate of Specialist Training in 2007.

I did a Lower limb specialty Fellowship for one year from 2007-2008 and then worked as locum Orthopaedic Consultant in Hereford from 2008-2009.

I commenced at James Paget Hospital in August 2009 as a general Orthopaedic surgeon. I value good communication with the patient, understanding of the diagnosis and treatment and achievement of the optimal outcome.

- British Orthopaedic Association member
- Research interest – Outcomes following hip surgery, Bone and joint health
- Medical student and Allied professional teaching on hip surgery
